

## Internship Deal Advisory - Diligence Services

During a 4-6 month internship, you will be part of a team of high- performers, advising international clients in strategic merger and acquisition projects. From day one, delivering our due diligence services requires you to take full ownership of fast-paced, intellectually challenging work. In turn, we teach you the fundamentals of analyzing a business and identifying key value drivers and risks of a deal.

Location: Zurich

Start date: Upon Agreement

### Your responsibilities

- Collaborate within your Deal Advisory team to deliver critical insights for informed investment decisions to our clients
- Obtain, compile and analyze financial, commercial and operational data of target companies regarding key deal metrics such as sustainable EBITDA or free cash flows
- Present quantitative analysis in a concise manner, accompanied by qualitative commentary as part of a polished client report
- Proactively support in other project related (e.g. project management) and internal tasks or proposals

### Your profile

- At least 5 semesters of Bachelor's studies in Business Administration or Economics (University or University of Applied Sciences), ideally with specialization in accounting and finance.
- A good basis of accounting knowledge, excellent analytical and problem solving skills and orientation
- Written and oral proficiency in German and English
- Strong Microsoft Excel & PowerPoint skills
- You surprise us with exceptional achievement in business, private endeavors and/or academics. We intend to hire intelligent, diligent and resilient team players with diverse skill-sets.

### Your future team

We are a dynamic and international team in the high-performing M&A consultancy sector. As a market leader, we live a culture of excellence and mutual trust. Therefore, we hire exceptional individuals with a team mind-set. We believe in hard work as well as celebrating our successes together.
